LIQUOR FROM THE PORTS

Please note that it is not permitted to bring cases of beer onboard. Any liquor purchase from the ports or the gift shop will be delivered to your stateroom at the end of the cruise!

Welcome to Cozumel

Cozumel is Mexico's largest island, 29 miles long by 8 miles wide, nestled just 12 miles off the coast of the Yucatan Peninsula and is world renowned for its dazzling white sandy beaches and the remarkable clarity of the multi-hued azure Caribbean ocean in which it rests. The climate is subtropical & the people native to Cozumel are of Mayan descent. Cozumel itself was a sleepy little fishing community until 1961, when a Frenchman by the name of Jacques Cousteau declared it one of the most beautiful scuba diving areas of the world. Since that time Cozumel has become an underwater marine park to protect the delicate balance of its dazzling coral reefs & abundant variety of tropical fish. The underwater world is absolutely amazing here & due to the clarity of the water (100+ ft visibility), you do not have to be a diver to enjoy it. Simply put on a mask & snorkel and jump in & you will feel like you have been dropped into a tropical fish tank!

Carnival Cruise Lines is proud to be at the forefront of Safety and Environmental Protection. You will never see any crew member throw anything overboard, and to help to continue to protect YOUR oceans and seas, we ask guests to also refrain from doing so. You must never throw a lit cigarette overboard, or flick hot ash overboard as this could blow back into the ship and start a fire.

"Carnival's goal is to be the industry leader for environmental excellence"
